CYBER SECURITY

ABOUT ME

Cybersecurity Graduate with expertise in information security, vulnerability analysis, and cyber risk assessment. Skilled in tools such as Wireshark, Nmap, and Burp Suite, with practical experience in attack detection, network security, and encryption. Experienced digital and computer skills instructor (BTEC curriculum), adept at simplifying complex technical concepts. Strong critical thinking, problem-solving, and teamwork skills, committed to fostering secure and productive technological environments.

EDUCATION

Tafila Technical University
Bachelor of Cyber Security | 2021 – 2025
GPA: 76.75 - [3.0/4] - (Very Good)

TECHNICAL SKILLS

- **Programming Languages:** C# , C++ , JavaScript , Python
 - **Front-End:** HTML , CSS , JavaScript
 - **Cybersecurity Tools:** Wireshark , Nmap , Burp Suite , Metasploit , Nikto
 - **Security Concepts:** Vulnerability Assessment , Risk Analysis , Network Security
 - **Operating Systems:** Kali Linux , Windows Server , Ubuntu
 - **Scripting:** PowerShell , Python (for automation and analysis)
-

PROJECTS

1- Multi-purpose IoT Security Guard Edge Node

[\[Link \]](#)

From 23-2-2025 To 3-6-2025

- A smart device designed to protect wireless systems from threats such as jamming, code attacks, and Wi-Fi intrusions, using real-time radio frequency signal analysis and intelligent detection techniques. **Rank : First in the class.**
-

2- Building a Vulnerable Server and Network Penetration Test Report

[\[Link \]](#)

From 1-9-2024 To 15-9-2024

- The project aims to build a purposefully exposed, progressively running Ubuntu 14.04 LTS server for use in training and cybersecurity skills to discover innovation and influence the theoretical environment. **(NCSC)**
-

3- JAWAL_TTU Web Development

From 5-10-2023 To 12-10-2023

- A website displaying the missions of the Jawal, the graduation ceremony, the administration, and the members was approved by the Deanship of Student Affairs . I used Google Sit Web Application .

COURSES AND CERTIFICATIONS

- **CePPT (INE)** - I'm not done yet-
 - **eJPT (Try Hack me)**
 - **SOC Fundamentals (let'sDefend)**
 - **Network Essentials (CISCO)**
 - **Cyber Security (EDRAAK)** : Cyber Security attack techniques , Cyber Security Basics , Protect systems from intrusion
 - **Ethical Hacking Basics (Talal Abu-Ghazaleh Foundation)**
 - **Programmer (C++ , Python)**
 - **Web Development (HTML , CSS , Java script)**
-

TRAINING

- **Web Development And Web PT (EfE)**
 - **Masar Training (NCSC of Jordan) - 200 hours**
 - **Computer Network and Information Security - 300 hours (Smart Cloud)**
 - **CCT in Network Security (Green Circle)**
 - **BurpSuite Workshop (IEEE) -Tafila Technical University-**
-

ACHIEVEMENTS

- A teacher in the BTEC system represents the Irish standard in education, offering certificates and diplomas in a variety of disciplines. This system integrates secondary education with practical application and enhances their chances of finding employment or achieving higher education .
 - Ranked 10th at the University level in CTF in Cyber Security
 - Head of the Academic and Professional Committee of the Student Club at the College
 - Best graduation project at the college level
 - Awarded first place in network training (Packet Tracers) with a 100% evaluation at (Smart Cloud)
-

LANGUAGES

- Arabic | Excellent
 - English | Good
-

VOLUNTEER ACTIVITIES

- Leader of the Tafila Technical University Scouts (2023-2024).
- Football and handball player at Tafila Technical University Club (2021-2024).
- Received the Adventurer Certificate from the Hassan Youth Award (**Sablat Al Hassan**) from His Majesty King Hassan bin Talal (2023).
- Football player at Tafila Sports Club (2017-2019).
- Finance and Design Manager for the **Tafila Watan** Volunteer Team.
- Volunteered **146 hours** on the [Nahno](#) platform.
